

HAMPTON BAY®

Built for every project. Designed for every customer.

OUR CABINETRY WORKS FOR ANY PROJECT

Sinclair Light Oak

Hampton Bay cabinetry is built for every project and designed for every customer. Our dependable style delivers with three convenient ways to purchase: in-stock, online and special-order. It's the ultimate flexibility that supports projects of every size and scope, from personal renovations to resale-driven updates and large-scale builds. No matter the scope, schedule, or budget, Hampton Bay is ready when you are.

CLASSIC CRAFTSMANSHIP MEETS MODERN DURABILITY

- Designed for easy installation
- Adjustable doors, hinges and shelves
- Easy to clean maple laminate interior
- Durable and smooth ball-bearing glides
- Hardwood drawer box
- Matching finished sides, crafted for durability

Applies to finished cabinetry only

A GUIDE TO FINISHING YOUR CABINETS YOUR WAY

Ready to transform your Unfinished Cabinetry into a finished product that lasts for years to come? Take creative control with these simple steps:

- Remove the doors and drawers from your cabinets
- Sand all surfaces with 220 grit sandpaper
- Thoroughly wipe down all surfaces to remove dust and debris
- Apply primer (if using)
- Apply 2-3 coats of stain or paint to your preference
- Seal with a polyurethane sealant to extend your cabinets' life
- Reinstall all doors and drawers

MAKE THE MOST OF YOUR SPACE WITH SMART DESIGN & LAYOUT

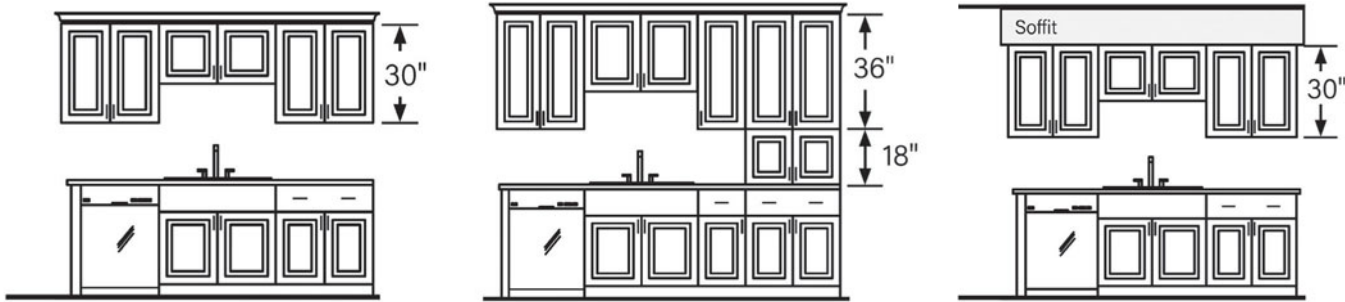

HOW TO MEASURE FOR SUCCESS

THINK UPWARD: TALLER CABINETS MAXIMIZE VERTICAL SPACE

Great design is all about proportion. These diagrams show how wall and tall cabinet dimensions work together to achieve balanced lines, optimal storage and a polished look:

Smart planning makes all the difference. Below are a few key design basics: working around obstacles, planning around soffits and stacking cabinetry to maximize every inch of storage. Use them to avoid common mistakes and make the most of your space.

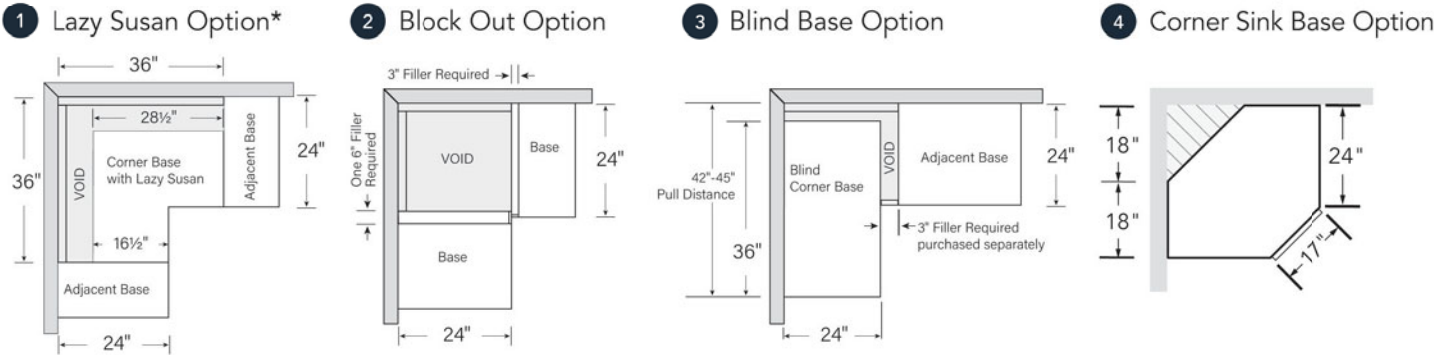

Use varying height cabinets to avoid obstacles like sinks, ranges or refrigerators.

Shorter cabinets can be stacked with taller cabinets to make the most of your space.

When measuring your space, make sure you account for vents or soffits to ensure clearance.

FOUR WAYS TO TURN THE CORNER

*Available in-stock
Visit [HamptonBayKitchens.com](https://hamptonbaykitchens.com) for more inspiration.

GET STARTED WITH CONFIDENCE

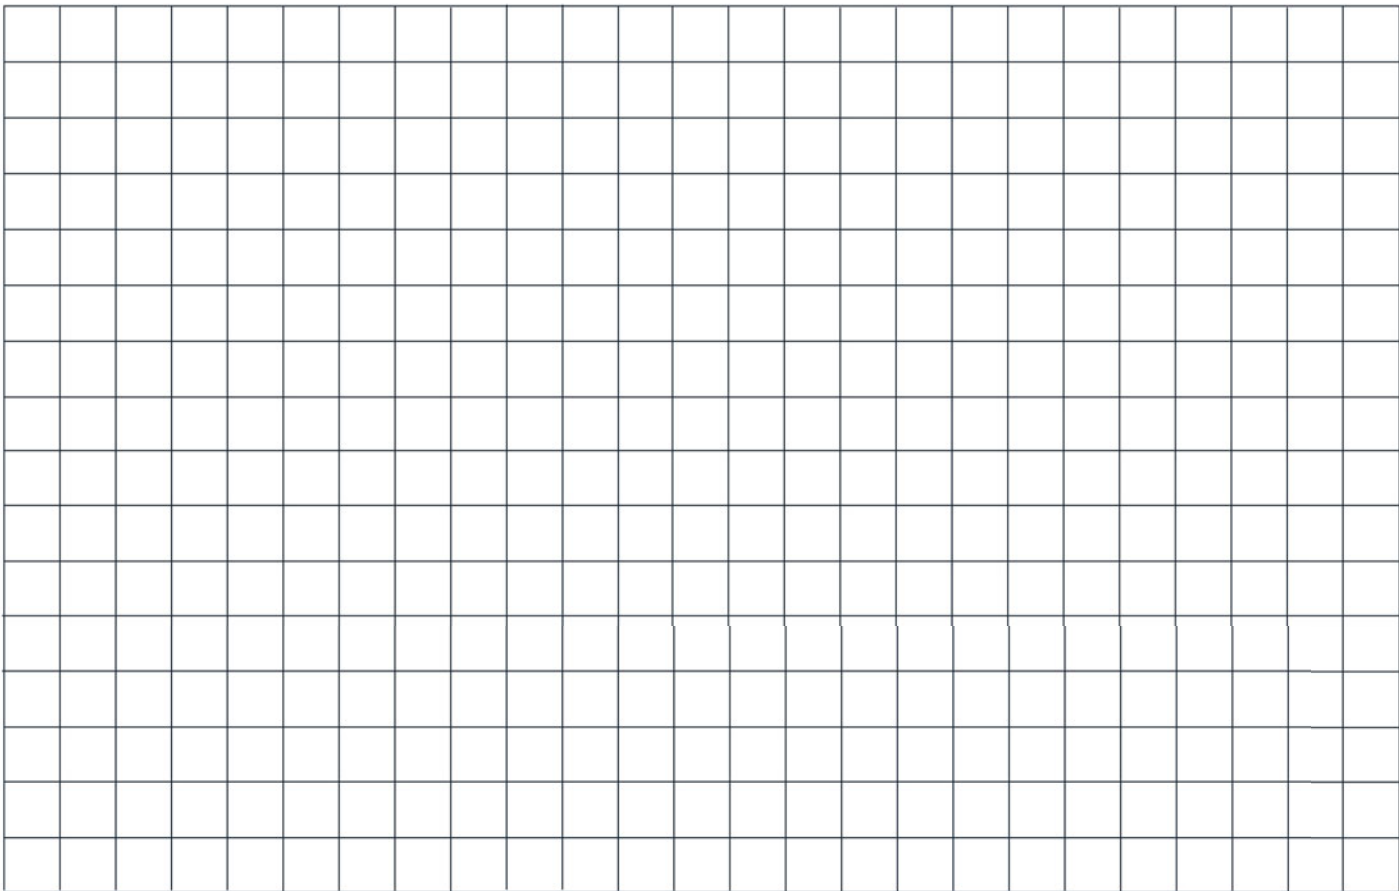

Whether you're transforming an unused nook into a fully functional space or tackling a full kitchen remodel, it all starts with accurate measurements.

YOU'LL NEED:

- Tape Measure
- Pencil

READY, SET, MEASURE:

- 1 Measure the total length of the wall(s) in inches.
TIP: Do you have soffit? If so, measure and add the dimensions!
- 2 Measure ceiling height in inches.
TIP: Measure from the outside of the frame and/or trim.
- 3 Measure the windows, doors and distance between each in inches.
TIP: Measure from the outside of the frame and/or trim.
- 4 Mark the location of plumbing, appliances, vents and electrical outlets.

VISUALIZE YOUR SPACE

Want to see your plan in action? Scan to quickly build your space using the visualizer tool at homedepot.com

Use this grid: 1 square = 6"

SHOP HAMPTON BAY YOUR WAY

THREE WAYS TO BRING HOME HAMPTON BAY

Shopping for Hampton Bay cabinets has never been easier. Whether you want to start your project today with in-stock options, shop hundreds of additional SKUs online, or meet with a professional who can personalize your design and place a special order, Hampton Bay is ready whenever and however you want to shop.

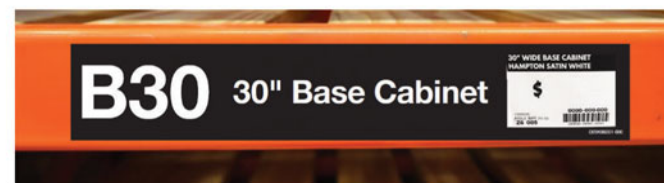

IN-STOCK

When you need cabinets now, choose from our in-stock selection of the most popular SKUs and on-trend finishes.

STORE BEAM LABELS

Understand beam labels so you can navigate store shelves with ease. These labels show the type and size of cabinet—for example, B30 signifies a 30" base cabinet.

OUR PRODUCT LABELS

Once you've located the cabinets you need, you'll find more information on the box. Our labels outline additional details and features for each cabinet, style and finish.

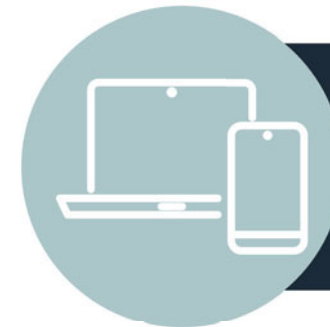

Need more information about a product?

Using the Home Depot website or app, scan the barcode (UPC) for full online information about the product.

Looking for more products in the collection?

Scan the QR code on the package to view the full collection online.

ONLINE

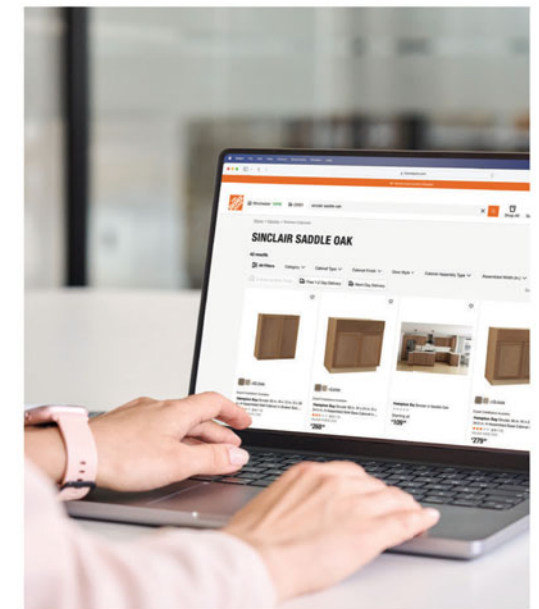

Shop our full product offering online with additional heights, widths, specialty cabinets and decorative accessories. All products ship to your home or store in just two days!

TWO SIMPLE WAYS TO SEARCH

Option 1: Scan the QR code on any collection page for quick search results that are already filtered for you.

Option 2: Type your preferred door style and finish into the search bar on [HomeDepot.com](https://www.homedepot.com) (such as "Sinclair Saddle Oak").

Either option will narrow your search to the sizes and accessories you need to complete your space. Once you select a product, you'll be able to switch between cabinet types—like wall, base, corner and tall cabinets—to see all the sizes and cabinets available in your preferred look.

SPECIAL ORDER

For professional design assistance, meet with a Home Depot designer who'll help you plan and design your space. They'll place a special order with a five-cabinet minimum that will ship to the store in two weeks.

Home Depot designers are ready to bring your vision to life. Schedule a design consultation to start your project using our full product offering.
